

MESSAGE FROM THE PARTNERS OF CLEVELAND CLINIC

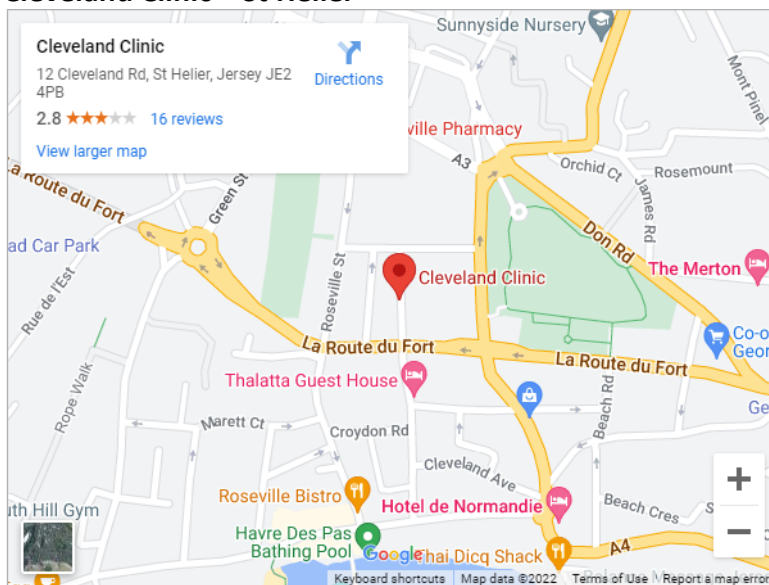

It is with deepest regret to inform our patients that continuing to operate the St. Ouen branch of our practice is no longer viable.

Despite significant efforts, we have been unable to attract enough new doctors to the Island to run three sites. The Covid-19 pandemic has also highlighted the deficiencies that operating out of a small premises exposes with regards to infection control and keeping our patients and staff safe.

We look forward to serving our St. Ouen’s patients at our St. Brelade surgery (Unit B, Millennium Properties, Red Houses) or our St Helier surgery (12 Cleveland Road, St Helier), and would like to take this opportunity to thank sincerely those in St. Ouen’s who have supported us over the last 25 years.

For further information regarding Cleveland Clinic, please get in touch.
